## NOTES TO THE PRICE LIST

### NOTE 1

Pirelli rubber platforms are no longer available for this model. The suspension will be replaced with a seating grade elaticated platform suspended between new hardwood rails.  
Where the matching chair or sofa does not show 'note 1' the original Pirelli platforms are still available.  
Please let us know whether you wish these to be fitted, or for the seat to be modified to match the other furniture.

### NOTE 2

On a RECLINER, the wing frame is not joined to the arm, and therefore can be lowered.  
On an INCLINER, the wing frame is joined to the arm, and remains vertical.

*While every endeavour will be made to maintain current prices, we reserve the right to alter price and detail specifications without prior notice. Customers will of course, be notified of any change.*

# Lyn-Plan Arm Cuff, Protective Head Caps, Scatter Cushion & Stools Price List

Dust settling on chair covers, combined with the natural oil from the hands, causes rapid soiling of the fabric particularly on the arms of the chair. Regular vacuum cleaning can help prevent this. However these areas do receive very hard wear and it is worthwhile purchasing Arm Cuffs and Head Caps which can be easily removed, and washed or dry cleaned separately.

Protective Arm Cuffs and Head Caps are Tailored to fit each Model. It is therefore important when ordering to quote the correct Model Number or Name of the furniture.

To find the Price, simply locate the Price Group Letter of the Arm Cuffs or Head Caps you require in the two right hand columns of the attached Lynplan Covers Price List. These Price Group Letters correspond to the price groups in the left hand column below.

## Pattern Matching:

The illustrations show how different types of fabrics are cut for your furniture. If you require any fabric to be treated in an alternative way to that stated, please contact our sales office for a quotation.

*Please Note: patterns are always matched across seams on settees on outside backs and front lips etc.*

### Matched Fabric Pattern

*Each pattern element appears in the same place on the relevant pieces. (Note how this differs from a centralised pattern).*

### Centralised Fabric Pattern

*A dominant element in the design such as a flower or bouquet is centralised on each relevant piece of the furniture.*

### Random Fabric Pattern

*Where the elements of the pattern have equal 'weight' in the design, the pieces are cut at random.*

### Vertical Fabric Pattern

*Where the design has a strong vertical element such as a stripe, this is continued from the back, down the seat, front border and front lip.*

+ Pile & Chenille Fabrics. The characteristics of this type of cloth sometimes cause it to mark and crease in normal everyday use. However, these marks will disappear if lightly brushed in the direction of the pile and left in a warm atmosphere for a short time. If the atmosphere of your room is dry (because of double glazing) the fabric may take longer to recover.

# Pimlico Fabric - please note this fabric is not suitable for covers with valances.

**All fabrics are match resistant and conform to the Furniture and Furnishings (Fire) (Safety) Regulations for Loose/Tailored Covers and Upholstery.**

Fabric width: Minimum of 135Cms (53").

The labels on the fabric samples are attached to the back of the fabric.

**Please Note: Fabrics always vary slightly in shade from batch to batch. If a precise shade is critical, please ask for a stock cutting when ordering, otherwise it can be assumed the samples give a fair representation of shade.**
