Replacement Seat & Back Cushion Interior List for Laura Ashley Furniture

Replacement Interiors for Seat and Back Cushions can transform your Chairs or Settees both in appearance and comfort. It is however, essential that the replacements match the dimensions of the original interiors. They must be shaped correctly, and if necessary, domed. They must also have the right density of foam to give correct posture support. It is therefore important when ordering to quote the Manufacturer's Name of the furniture for which they are required.

Interiors ordered with Covers

When Cushion Interiors are ordered with Covers, the covers will be fitted onto the interiors. If the cushions are buttoned, we will also DEEP BUTTON the cushion for you. If you do not want the Covers fitted or buttoned (if appropriate) please note this on the order form.

All Lynplan Foam Cushion Interiors are fabricated from Combustion Modified Foam which gives a significant increase in the safety of your furniture when used to replace old style Polyether foams. Where fibre is used, it also complies with current Fire Safety legislation.

† This will necessitate us collecting your furniture itself into our workshop.

(Please Note: this service is only available in our collection area which is Mainland England South of Leeds), tailoring and fitting the cover, and returning it to you. This process takes about two weeks, and we offer loan chairs while yours is away.

Any item to be collected must have a minimum order value of £250.00 otherwise a collection & delivery charge of £75.00 will be applicable.

LOOP BACK BUTTONING

Twirlyn Removable Buttons (see Brochure) are supplied free with all Covers for furniture with buttons on Backs and Arms. Twirlyn buttons are not, however, suitable for use on seats which are usually left unbuttoned.

However should you require buttons on seats, LOOP BACK BUTTONS are available (see illustration). In addition to matching buttons we supply a needle and twine for fixing and re-fixing following removal for cleaning.

Loop Back Buttons: 60p per pair

Needle and Twine: £3.00 (inc. VAT)

Please Note: Loop Back Buttons can only be used on removable cushions.

Lyn-Plan Arm Cuff, Protective Head Caps, Scatter Cushion & Stools Price List

Dust settling on chair covers, combined with the natural oil from the hands, causes rapid soiling of the fabric particularly on the arms of the chair. Regular vacuum cleaning can help prevent this. However these areas do receive very hard wear and it is worthwhile purchasing Arm Cuffs and Head Caps which can be easily removed, and washed or dry cleaned separately.

Protective Arm Cuffs and Head Caps are Tailored to fit each Model. It is therefore important when ordering to quote the correct Model Number or Name of the furniture.

To find the Price, simply locate the Price Group Letter of the Arm Cuffs or Head Caps you require in the two right hand columns of the attached Lynplan Covers Price List. These Price Group Letters correspond to the price groups in the left

Please note: Arm Cuffs and Head Caps are **not** available for **Ercol** furniture.

These codes are a guide only to assist in comparison. The life of any fabric will depend on individual circumstances.

Pattern Matching:

The illustrations show how different types of fabrics are cut for your furniture. If you require any fabric to be treated in an alternative way to that stated, please contact our sales office for a quotation.

Please Note: patterns are always matched across seams on settees on outside backs and front lips etc.

Matched Fabric Pattern

Each pattern element appears in the same place on the relevant pieces. (Note how this differs from a centralised pattern).

Centralised Fabric Pattern

A dominant element in the design such as a flower or bouquet is centralised on each relevant piece of the furniture.

Random Fabric Pattern

Where the elements of the pattern have equal 'weight' in the design, the pieces are cut at random.

Vertical Fabric Pattern

Where the design has a strong vertical element such as a stripe, this is continued from the back, down the seat, front border and front lip.

+ Pile & Chenille Fabrics. The characteristics of this type of cloth sometimes cause it to mark and crease in normal everyday use. However, these marks will disappear if lightly brushed in the direction of the pile and left in a warm atmosphere for a short time. If the atmosphere of your room is dry (because of double glazing) the fabric may take longer to recover.

Pimlico Fabric - please note this fabric is not suitable for covers with valances.

All fabrics are match resistant and conform to the Furniture and Furnishings (Fire) (Safety) Regulations for Loose/Tailored Covers and Upholstery.

Fabric width: Minimum of 135Cms (53").

The labels on the fabric samples are attached to the back of the fabric.

Please Note: Fabrics always vary slightly in shade from batch to batch. If a precise shade is critical, please ask for a stock cutting when ordering, otherwise it can be assumed the samples give a fair representation of shade.
